

OVERVIEW

In Fiscal Year (FY) 2022, the state of Indiana received \$8.6 billion in Defense spending, which provides direct funding for the Department of Defense (DOD) personnel salaries, defense contracts, and construction of military facilities in the state. This spending by DOD personnel, contractors, and their families creates significant economic activity, attracts related industries and investments, and generates important state and local government tax revenues.

The Readiness and Environmental Protection Integration (REPI) Program is a key tool used by DOD and its partners to protect the military's ability to train, test, and operate in the state. The Department created the REPI Program in response to the development of lands and loss of habitat in the vicinity of or affecting its installations, ranges, and airspace that can lead to restrictions or costly and inadequate training and testing alternatives. Through the REPI Program, DOD works with state and local governments, conservation organizations, and willing private landowners to address these challenges to the military mission and the viability of DOD installations and ranges. The REPI Program has benefited from broad bipartisan support both in the U.S. Congress and among groups representing state and local officials. In FY 2023, DOD and its partners have contributed over \$1.4 million to REPI projects supporting one installation in Indiana.

REPI PROJECTS* IN INDIANA

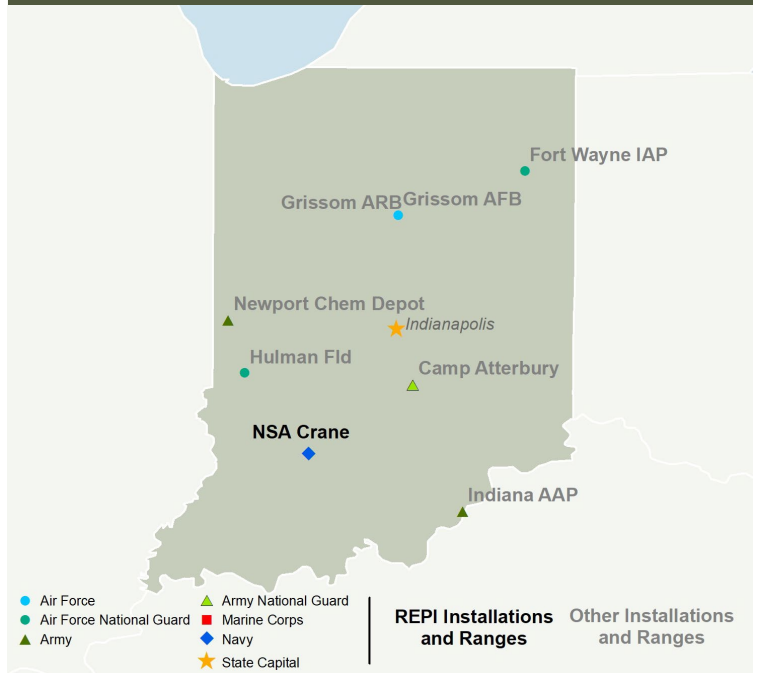

Funding Summary (in FY 2023)

Subtotals may not sum to combined totals due to rounding.

* REPI projects refer to any action authorized by 10 U.S. Code (U.S.C.) § 2684a to include the acquisition of real property interests in land from willing landowners to prevent development pressures, protect habitat, improve military installation resilience to climate change and extreme weather events, or any other natural resources management. REPI projects involving the Army or Army National Guard are also termed Army REPI partnerships. Those involving the Navy, Marine Corps, or Air Force, are also termed encroachment partnering agreements. Eligible entities include conservation organizations and state and local governments.

Total Acres Protected (in FY 2023): 532

MILITARY PRESENCE

- Naval Support Activity (NSA) Crane is located in southwestern Indiana and covers more than 97 square miles of forested, hilly terrain.
- NSA Crane’s 460 acre Lake Glendora Test Facility (LGTF) is located 45 miles northwest of the NSA Crane main site and hosts over a dozen tenants including the Naval Surface Warfare Center Crane Division’s Strategic, Expeditionary and Electronic Warfare engineering and technical support missions and Crane Army Ammunition Activity’s ordnance storage, distribution, demilitarization, and production missions.
- The Indiana Air National Guard’s 122nd Fighter Wing yields a substantial economic impact, totaling \$63.5 million in Allen County, \$94.1 million across the 10 northeastern counties of Indiana’s 3rd Congressional District, and an estimated \$113 million statewide, encompassing various operational expenditures such as payroll, utilities, food, and education.

REPI PROJECTS

Installation	County	Congressional District
Naval Support Activity Crane (with Lake Glendora Test Facility)	Sullivan	8th
