

REPI

READINESS AND ENVIRONMENTAL PROTECTION INTEGRATION PROGRAM
STATE PROFILE | KANSAS

OVERVIEW

Kansas received \$3.1 billion in Defense spending in Fiscal Year (FY) 2018, which provides direct funding for DoD personnel salaries, defense contracts, and construction of military facilities in the state. This spending by DoD personnel, contractors, and their families creates significant economic activity, attracts related industries and investment, and generates important state and local government tax revenues.

The Readiness and Environmental Protection Integration (REPI) Program is a key tool used by DoD and its partners to protect the military's ability to train, test, and operate in the state. DoD created the REPI Program in response to the development of lands and loss of habitat in the vicinity of or affecting its installations, ranges, and airspace that can lead to restrictions or costly and inadequate training and testing alternatives. Through REPI, DoD works with state and local governments, conservation organizations, and willing private landowners to address these challenges to the military mission and the viability of DoD installations and ranges. The REPI Program has enjoyed broad bipartisan support both in the U.S. Congress and among groups representing state and local officials. Through FY 2019, DoD and its partners have spent nearly \$13 million on REPI projects at 1 installation in Kansas.

DOD IN KANSAS

DoD Personnel (as of 30 Sep 2018)

Federal Defense Spending and Economic Impact (in FY 2018)

\$3.1 billion in Federal Defense spending

\$2.0 billion in payroll contributed
\$1.1 billion in contracts awarded

Acres of DoD Managed and State-Owned National Guard Land (as of 30 Sep 2017)

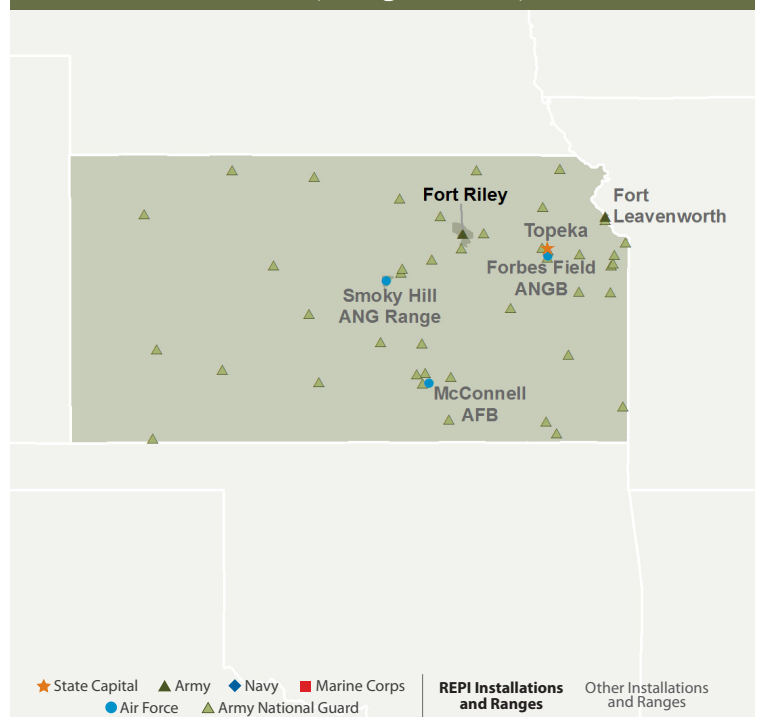

REPI PROJECTS* IN KANSAS

Funding Summary (through FY 2019)

* REPI projects refer to any action authorized by 10 USC §2684(a) to include the acquisition of interests in land from willing landowners to prevent incompatible development and protect habitat or any other natural resources management. REPI projects involving the Army or Army National Guard are also termed Army Compatible Use Buffer (ACUB) partnerships. Those involving the Navy, Marine Corps, or Air Force, are also termed encroachment partnering agreements. Eligible partners include conservation organizations and state and local governments.

Total Acres Protected (through FY 2019): 15,962

MILITARY PRESENCE

- Fort Leavenworth generates **\$2.7 billion** in annual economic impact throughout the region via salaries and the supplies and services it buys from Kansas City-area companies.
- Established in 1827, Fort Leavenworth, Kansas, is the **oldest military post in continuous operation** west of the Mississippi.
- Smoky Hill Air National Guard Range near Salina, Kansas, is the **largest bombing range** in the Air National Guard inventory at 34,000 acres.
- McConnell AFB supports worldwide aerial refueling and airlift operations, thus providing **global reach for troops, equipment, and supplies** in support of global contingency and conventional operations.
- Fort Riley is home to the 1st Infantry Division, which is the **oldest continuously serving division** in the U.S. Army. In FY 2018, Fort Riley had a direct economic impact of over \$1.7 billion and a total population of over 67,000 individuals.

REPI PROJECTS

| Project Installation | County | Congressional District |
|----------------------|--------------|------------------------|
| Fort Riley | Geary, Riley | 1st |
