UNITED STATES DEPARTMENT OF DEFENSE
READINESS AND ENVIRONMENTAL
PROTECTION INTEGRATION PROGRAM

STATE FACT SHEETS | NEVADA

NEVADA

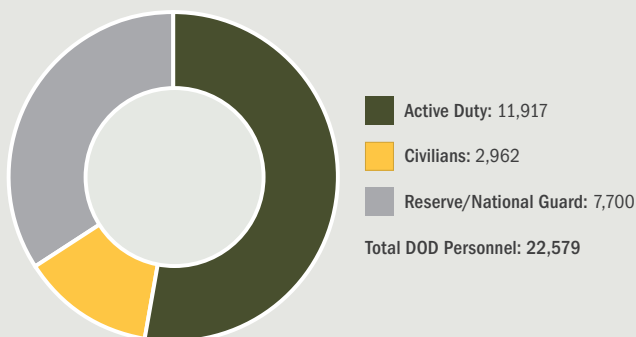

OVERVIEW

In Fiscal Year (FY) 2023, the state of Nevada received approximately \$3.3 billion in Defense spending, which provides direct funding for the Department of Defense (DOD) personnel salaries, defense contracts, and construction of military facilities in the state. This spending by DOD personnel, contractors, and their families creates significant economic activity, attracts related industries and investments, and generates important state and local government tax revenues.

The Readiness and Environmental Protection Integration (REPI) Program is a key tool used by DOD and its partners to protect the military's ability to train, test, and operate in the state. The Department created the REPI Program in response to the development of lands and loss of habitat in the vicinity of or affecting its installations, ranges, and airspace that can lead to restrictions or costly and inadequate training and testing alternatives. Through the REPI Program, DOD works with state and local governments, conservation organizations, and willing private landowners to address these challenges to the military mission and the viability of DOD installations and ranges. The REPI Program has benefited from broad bipartisan support both in the U.S. Congress and among groups representing state and local officials. From FY 2006 through FY 2024, DOD and its partners have contributed nearly \$32.5 million to REPI projects supporting two installations in Nevada.

REPI PROJECTS* IN NEVADA

Funding Summary (from FY 2006 through FY 2024)

Subtotals may not sum to combined totals due to rounding.

* REPI projects refer to any action authorized by 10 U.S. Code (U.S.C.) § 2684a to include the acquisition of real property interests in land from willing landowners to prevent incompatible development or improve military installation resilience.

** In addition to the real property transactions reported here, this project has expended REPI funds under authorities other than 10 U.S.C. § 2684a, including natural resources management activities under 10 U.S.C. § 2679, also known as Intergovernmental Support Agreements (IGSA), and 16 U.S.C. § 670c-1, commonly referred to as the Sikes Act.

Total Acres Protected (FY 2006 through FY 2024): 15,531

MILITARY PRESENCE

- NAS Fallon is home to the Naval Fighter Weapons School, the Carrier Airborne Early Warning Weapons School, and the Navy Rotary Wing Weapons School.
- Nellis Air Force Base (AFB) is home to the 57th Wing, the largest composite flying wing of the U.S. Air Force, and the Thunderbirds, the renowned Air Demonstration squadron.
- Creech AFB is home to the 432nd Wing, which operates MQ-9 Reaper and MQ-1 Predator unmanned aerial vehicles all across the globe.
- The Nevada Test and Training Range is the largest contiguous air and ground space for peacetime military operations in the world.
- NAS Fallon is known as the Navy's "carrier in the desert" due to its expansive and unique training facilities and year-round optimal weather conditions. The surrounding area contains 240,000 acres of bombing and electronic warfare ranges and the Fallon's 14,000-foot runway is the longest in the Navy.

Western Regional Partnership (WRP)

- The REPI Program supports regional partnerships such as the WRP to identify common issues and solutions for mutual benefit.
- WRP partners work to protect natural resources while promoting sustainability, homeland security, and military readiness.
- Nevada is a member of WRP along with the states of Arizona, California, Colorado, New Mexico, and Utah. For more information, visit www.wrpinfo.org.

Key REPI Partners

- Bureau of Land Management
- Churchill County
- Lahontan Valley Land and Water Alliance
- Nevada Conservation Districts Program
- Nevada Department of Wildlife
- Nevada Land Conservancy
- Nevada Land Trust
- Rocky Mountain Elk Foundation
- The Nature Conservancy
- University of Nevada – Reno
- U.S. Department of Agriculture – Natural Resources Conservation Service
