STATE OF OREGON
1859

OVERVIEW

In Fiscal Year (FY) 2023, the state of Oregon received $1.6 billion in Defense spending, which provides direct funding for the Department of Defense (DOD) personnel salaries, defense contracts, and construction of military facilities in the state. This spending by DOD personnel, contractors, and their families creates significant economic activity, attracts related industries and investments, and generates important state and local government tax revenues.

The Readiness and Environmental Protection Integration (REPI) Program is a key tool used by DOD and its partners to protect the military's ability to train, test, and operate in the state. The Department created the REPI Program in response to the development of lands and loss of habitat in the vicinity of or affecting its installations, ranges, and airspace that can lead to restrictions or costly and inadequate training and testing alternatives. Through the REPI Program, DOD works with state and local governments, conservation organizations, and willing private landowners to address these challenges to the military mission and the viability of DOD installations and ranges. The REPI Program has benefited from broad bipartisan support both in the U.S. Congress and among groups representing state and local officials. From FY 2008 through FY 2024, DOD and its partners have contributed over $33 million to REPI projects supporting two installations in Oregon.

NWSTF: Naval Weapons System Training Facility

MILITARY PRESENCE

- Once a Naval Air Station and active duty Air Force Base, Kingsley Field is now **home to the 173rd Fighter Wing** of the Oregon Air National Guard, responsible for training the best air-to-air combat pilots in the world.

- Stationed at Portland Air National Guard Base, **the 142nd Fighter Wing is home to Oregon Air National Guard's Redhawks** and **participates around the globe** supporting drug interdiction where needed, U.S. Air Forces in Europe air defense, and contingency operations.

- The crew of the Coast Guard station at Tillamook Bay is responsible for protecting over **2,000 square miles** of the Pacific Ocean.

- Naval Weapons Systems Training Facility (NWSFT) Boardman has been used as a military training area for nearly 70 years. It is the **primary venue in the Pacific Northwest for air-to-ground bombing practice** for naval aviation squadrons.

- Since 1998, Camp Rilea has been used as a **"Theatre Specific Individual Readiness Training Site"** for National Guard, U.S. Army Reserve, and Regular Army units being sent overseas.
