PROTECTION INTEGRATION PROGRAM

2022 REPI WEBINAR SERIES SCHEDULE

Join the REPI office for this online series showcasing REPI partnership efforts that support military missions, advance landscape conservation, and enhance military installation resilience to climate change.

All webinars begin at **1:00 PM** eastern unless otherwise noted. For detailed webinar descriptions and connection instructions, please visit www.REPI.mil/Resources/Webinars/.

WEDNESDAY
16 FEB

ENGINEERING WITH NATURE TO REDUCE FLOOD RISK

During this webinar, participants will learn about using natural infrastructure solutions to reduce flood risk and protect critical missions. By building natural infrastructure solutions, installations and partners can mitigate the effects of extreme weather events and climate change impacts.

[Watch the Engineering with Nature to Reduce Flood Risk webinar recording](#)

WEDNESDAY
02 MAR

SENTINEL LANDSCAPES SPOTLIGHT*

During this webinar, participants will learn more about the newly designated sentinel landscapes, what makes them different, their history, their priorities, and how they embody the mission of the Sentinel Landscapes Partnership.

[Watch the Sentinel Landscapes Spotlight webinar recording](#)

WEDNESDAY
06 APR

2022 REPI REPORT TO CONGRESS

During this webinar, participants will hear more about REPI's 2022 Report to Congress which covers REPI's actions and accomplishments through fiscal year 2021.

[Watch the 2022 REPI Report to Congress webinar recording](#)

WEDNESDAY
11 MAY

ENGAGING WITH UNDERSERVED COMMUNITIES*

During this webinar, participants will learn more about how the Sentinel Landscapes Partnership is working with underserved landowners and communities to improve access to technical and financial assistance.

[Watch the Engaging with Underserved Communities webinar recording](#)

WEDNESDAY
22 JUN

COMPLEMENTARY FEDERAL CONSERVATION AND RESILIENCE PROGRAMS

During this webinar, participants will learn about available resilience funding through the annual REPI Challenge competition and other Federal programs for which REPI funding can serve as a cost-share. By leveraging the 2023 REPI Challenge funding and multiple Federal programs, a REPI project can accelerate ongoing encroachment, conservation, and climate change adaptation efforts and foster new connections.

[Join the Complementary Federal Conservation and Resilience Programs webinar](#)

*The webinars in blue, above, are part of the Sentinel Landscapes Partnership Webinar Series, designed to educate stakeholders and the general public on projects or initiatives occurring within the sentinel landscapes community. **These webinars will include topics that will be useful for any prospective or current REPI project whether your installation is involved in a sentinel landscape or not.**

For more information on the 2022 Sentinel Landscapes Partnership Webinar Series, please visit SentinelLandscapes.org/About/Resources.

2022 REPI WEBINAR SERIES SCHEDULE

LANDOWNER ASSISTANCE OPPORTUNITIES*

During this webinar, participants will learn about voluntary assistance programs that help private landowners manage their land sustainably. By using sustainable practices, a landowner can increase profitability, reduce climate vulnerabilities, and support ecosystem health.

[Join the Landowner Assistance Opportunities webinar](#)

2022 SENTINEL LANDSCAPES ACHIEVEMENTS*

During this webinar, participants will learn about the accomplishments of the Sentinel Landscapes Partnership over the past year, including case studies from Fort Huachuca Sentinel Landscape and Avon Park Sentinel Landscape about their innovative partnerships with federal agencies.

[Join the 2022 Sentinel Landscapes Achievements webinar](#)

MANAGING COMMUNITY INTERESTS AND CONCERNS

During this webinar, participants will learn about how to work with local communities to address encroachment concerns. By working with communities, installations can sustain critical operations and protect the needs of the community.

[Join the Managing Community Interests and Concerns webinar](#)

LEGAL CASE STUDIES

During this webinar, participants will learn about legal challenges REPI partners have encountered while developing or executing projects and the solutions they used to overcome them.
