2023 REPI WEBINAR SERIES SCHEDULE

Join the REPI Program for the 2023 webinar series showcasing REPI partnership efforts that support military missions, advance landscape conservation, and enhance military installation resilience to climate change.

All webinars begin at **1:00 PM** Eastern Standard Time unless otherwise noted. For detailed webinar descriptions and connection instructions, please visit www.REPI.mil/Resources/Webinars/.

2023 REPI CHALLENGE PROJECT SPOTLIGHT

For the 12th consecutive year, the REPI Program hosted the annual REPI Challenge, a competition with dedicated funding to advance REPI project outcomes through large-scale innovation and conservation. By distributing funds across various projects, the 2023 REPI Challenge helped preserve national security priorities and advance partner conservation goals. Join us on February 15, 2023, to learn about 2023 REPI Challenge projects.

2023 REPI REPORT TO CONGRESS

The annual REPI Report to Congress provides installations and partners with a snapshot of the REPI Program's accomplishments across the fiscal year. While the contents of the Report to Congress change every year, the report consistently shares updated project funding information, Sentinel Landscape Partnership updates, and REPI project examples. Join us on March 15, 2023, to learn about the REPI Program's accomplishments through Fiscal Year 2022 and project examples in the 2023 Report to Congress.

10-YEAR ANNIVERSARY OF THE SENTINEL LANDSCAPES PARTNERSHIP*

Over the past decade, the Sentinel Landscapes Partnership has achieved numerous milestones and accomplishments. As the partnership celebrates its 10-year anniversary, it's important to recognize those that have worked to advance the partnership's goals. Join us on April 26, 2023, to hear reflections and case studies from key sentinel landscape partners.

LESSONS LEARNED: NAVIGATING FEDERAL RESILIENCE PROGRAMS

The REPI Program works in close coordination with other agencies to promote resilience project development and execution. Several installations have successfully leveraged funding for their REPI projects through other federal resilience programs, and there are growing opportunities with new federal agency programs. Join us on June 14, 2023, to learn how installations and partners received funding from other federal programs and any best practices they learned throughout the application process.

2023 REPI WEBINAR SERIES SCHEDULE

WEDNESDAY

09 AUG

CONNECTING COUNTIES & MILITARY INSTALLATIONS

Counties neighboring DOD installations play a critical role in sustaining training and testing space required for carrying out vital military missions. Recognizing the central role local communities play in supporting military operations, DOD works collaboratively with state and local partners to protect valuable habitats and avoid land-use conflicts near our nation's military installations. Join us on August 9, 2023, to learn about the resources and opportunities available to counties that foster and strengthen military and county partnerships.

11 OCT

PARTNERSHIPS TO ADVANCE CLIMATE RESILIENCE IN SENTINEL LANDSCAPES*

The Sentinel Landscapes Partnership recognizes climate resilience and adaptation challenges have a significant impact on the partnership's shared objectives of conservation, working lands preservation, and national defense. As a result, the Sentinel Landscapes Partnership is finding ways to tackle these challenges through a holistic and outcomes-based manner. Join us on October 11, 2023, to hear from speakers that will highlight partnerships and opportunities to advance climate resilience in sentinel landscapes.

WEDNESDAY

08 NOV

REPI PROJECT INSIGHTS ACROSS REGIONAL PARTNERSHIPS

The REPI Program supports regional initiatives that aim to conserve natural ecosystems and enhance military missions. This support has led to positive outcomes for endangered species, local economies, and national defense. Join us on November 8, 2023, to hear how the REPI Program supports projects across different regions to address emerging issues, protect natural resources, and enhance compatible land uses that benefit partner priorities and DOD mission capabilities.

WEDNESDAY

06 DEC

CONSERVATION FINANCE OPPORTUNITIES IN SENTINEL LANDSCAPES*

Opportunities for conservation finance exist at the intersection of national defense and natural resource management. The Sentinel Landscapes Partnership recognizes that cross-agency collaboration in partnership with local stakeholders can lead to cost-effective conservation outcomes within sentinel landscapes. Join us on December 6, 2023, to learn from the Conservation Finance Network and their partners working in sentinel landscapes on how to use innovative funding and financing approaches to achieve conservation goals.
